Hospital personnel "decks the halls" and wins contest

The Third Floor Nursing staff and the Emergency Room staff tied for first place honors in the annual Christmas Decorating Contest held at St. Joseph's Hospital, on Friday, December 16. The winning departments will be treated to lunch by the hospital administration.

Second place honors were captured by the Respiratory Therapy Department staff and third place laurels went to the Operating Room staff. Special commendations were given to the Pharmacy staff, the Dietary Department staff and the Business Office. All departments participated in the contest.

A surprise panel of judges rated each department on theme, originality and creativity. The panel was composed of Rev. Joseph Sica, assistant pastor, Our Lady of Mount Carmel Church; Sister Holly Marino, a Religion and art instructor at Sacred Heart High School; Sharon Schumann, Administrator, Forest City Nursing Home; and Irving Maslin, Administrator, Carbondale Nursing Home.

The winners of the decorating contest were announced at the hospital's annual employee reception held on Friday afternoon in Marian Hall.

THE EMERGENCY ROOM STAFF tied for first place in the annual Christmas Decorating Contest held at Saint Joseph's Hospital on Friday, December 16. Their theme was "Christmas Around the World." Shown at their prize winning window are, left to right, standing Marie Swartz, kneeling Rita Andzulis, Mary Kiehart, Karen Wall, and ER physician Daniel Coster, and standing ER supervisor Ann Marie Vitovsky and Rachel Stachura. (NEWS Photo by Mike Petrovsky)

THE THIRD FLOOR NURSING STAFF also tied for first place in the annual Christmas Decorating contest at Saint Joseph's Hospital. Representing the third floor nurses are kneeling Cindy Banko and Mary Mursch, standing Marie Barrese, Elsie Guszick, Janet Buchinski and Nancy Cerra. Pepper Marion who also helped with the decorations was absent at the time the photo was taken. (New Photo by Mike Petrovsky)

SEE YOUR DOCTOR
This information comes from Smith Kline and French Laboratories, a leading researcher in high blood pressure research and therapeutics.
Medical science has identified some of the factors that increase your chances of developing heart disease. Salt is one of these risk factors. Too much salt in your diet increases the risk of high blood pressure. High blood pressure is second only to smoking as a factor that increases your risk of heart disease.
If your doctor wants you to cut down on salt, try to avoid adding salt at the table and eat natural foods instead of processed foods such as canned soups and vegetables.
See your doctor. Working with your doctor to eliminate or control coronary risk factors can help combat heart disease.
